Conference, this  
coming Thursday July  
9<sup>th</sup> at 7:00 PM.

Zoom meeting  
information provided  
in calendar  
appointment sent  
Monday July 6 at  
12:30 pm

## MARC 2020 DIY Field Day Participation

We had 12 McMinnville ARC members that informed the MARC Field Day Chairman that they participated in ARRL's Field Day with an event station using their call sign. Two of these stations had multiple operators with multiple simultaneously operating transmitters. In alphabetical order these stations are:

- AA7TC - Tom
  - Hosted a 1B Battery portable event station at a remote location
    - Operating QRP
  - Power Source
    - Battery

## **MARC DIY Event Stations** continued

- AG7OG – Doug
  - Hosted a 3E event station at a home location within the Newberg area.
    - Operating mainly phone on HF and VHF
    - Additional participants were
      - KF7UTN – Chuck
      - KI7NMD - Sofia
    - Power Source
      - Emergency
        - Battery/Generator
        - Solar Battery
- KF7WXW – Mike
  - Hosted a 1D event station at a home location within McMinnville
    - Operating mainly phone on HF and VHF
    - Power Source
      - Commercial Mains
- KK1NP – Darrell
  - Hosted a 1E station at a home location within Lafayette
    - Operated mainly phone on VHF FM and SSB
    - Power Source
      - Battery/Generator
- N0NNO – Fred
  - Hosted a 1E station at a home location within Lafayette
    - Operated mainly phone on HF QRP
    - Power Source
      - Battery/Generator
- W7ICS – Jay
  - Hosted a 1E station at a home within Yamhill
    - Operated mainly phone on HF
    - Power Source
      - Solar/Battery
- W7ISE – Mike
  - Hosted a 1E station at a home location in the Carlton Area
    - Operated mainly phone on HF and VHF
    - Power Source
      - Battery/Generator
- W7LAW – Jane
  - Hosted a 1E stations at a home location in the Carlton Area
    - Operated mainly phone on HF and VHF
    - Power Source
      - Battery/Generator
- W7OWO – Brian
  - Hosted a 1E station at a home location in the Dundee area
    - Operated mainly digital on HF
    - Power Source
      - Battery/Generator
    - The photo above is a 20m inverted V dipole setup specifically for Field Day on the front lawn

## **MARC DIY Event Stations** continued

- W7RPK – Peder
  - Hosted a 1D station at a location within McMinnville
    - Operated mainly phone on HF with a 500 Watt amplifier
    - Power Source
      - Commercial Mains
- WA0OGN – Jim
  - Hosted a 2D station at a home location in the Yamhill area
    - Operated both a Phone and QRP Digital on mainly on HF
    - Additional participants
      - KI7NXI – Betty and family
    - Power Source
      - Commercial Mains
- WE7DW – Dave
  - Hosted a 2D station at a home location within Carlton
    - Operated mainly phone on HF and VHF
    - Power Source
      - Commercial Mains

While not operating as a club member, he has worked with us on many a Field Day

- WB6BYU – Dale
  - Hosted a 1B station at the Farmington Paddle Launch along the Tualatin River
    - Operated mainly CW but also phone on an inverted V for 20m and 40m
    - His granddaughter also made contacts
  - Power Source
    - Battery
  - He states that this was the first Field Day he has been involved in that he left his house after it started and had everything cleaned up and put away before it finished.

## YCARES Emergency Frequency List

The list of frequencies provided here are published to all Hams to be informed of where communications operations will occur within Yamhill County during emergency operations. All ARES members should have the repeaters and simplex frequencies programmed into their primary hand held VHF/UHF radio. MARC members are encouraged as well. Simplex Frequencies can change or added due to conditions and needs. Know how to add and change simplex frequencies in VFO Mode on your radio!

Priority	Mode	Frequency PL Tone	Offset	Call
Primary	Repeater	441.800 MHz 114.8 Hz	+5.0 MHz	W7YAM
Secondary	Repeater	146.640 MHz 100.0 Hz	-0.6 MHz	W7RXJ
Tertiary	Repeater	442.550 MHz 114.8 Hz	+5.0 MHz	KOINK
Primary	Simplex	146.400 MHz	VHF	
Secondary	Simplex	147.520 MHz	VHF	
Primary	Simplex	432.150 MHz	UHF	
Secondary	Simplex	431.150 MHz	UHF	
Eola Hills	WinLink	144.920 MHz	VHF	W7YAM-10
EOC	WinLink	144.960 MHz	VHF	W7YAM-11
Eola Hills	WinLink	441.050 MHz	UHF	W7YAM-12
Newberg Dundee	Winlink	145.080 MHz	VHF	W7OWO-10

***About Us***

**The McMinnville Amateur Radio Club  
PO Box 891  
McMinnville, Oregon 97128**

The McMinnville Amateur Radio Club (MARC) was founded in mid- 1981 by a group of Yamhill County area amateur radio operators who wished to share their common interests. An association was formed of men and women devoted to probing all facets of amateur radio.
